

Approval in the publication of personal portraits

I agree that photos and videos may be made by my person in sporty events and for the presentation of teams and be published in the following media:

- (x) homepage of the association
- (x) Facebook page of the association
- (x) regional press products (e. g. , Rhenish post, NGZ, WZ.)

I have been pointed out to the fact that the photos and videos with my person are worldwide retrievable by the publication on the Internet or on social networks. A wide use and/or change by third cannot be excluded, on this occasion. As far as the approval will not recant, it is valid chronologically unrestrictedly. The approval can be revoked with effect for the future. The cancellation of the approval must occur in text form (letter or by mail) compared with the association.

An entire deletion of the published photos and video recordings on the Internet cannot be guaranteed by the TC 1904 Blau-Schwarz e.V., because, e. g. , other Internet sites would have copied the photos and videos or could have changed. The TC 1904 Blau-Schwarz e.V. cannot be made responsible for kind and form of the use by third as for example for downloading of photos and videos and their next use and change.

I was pointed out further to the fact that in spite of my cancellation photos and videos may be made by my person within the scope of the participation in public events of the association and be published within the scope of the public relations.
